

VICIOUS BLOOMER

LIQUID PLANT FOOD

- ♦ Designed for Buds and Blooms
- ◆ For Soil and Hydroponic Systems
- ◆ Formulated for Immediate Nutrient Uptake

Tiger Bloom® is a phosphorus fertilizer that also contains a good supply of nitrogen to support vigorous growth. It is formulated with a low pH to maintain stability in storage and keep micronutrients available.

Tiger Bloom® can be used for both hydroponic and soil applications. Tiger Bloom® is designed to encourage abundant fruit, flower and multiple bud development. Use Tiger Bloom® at the first signs of flowering through harvest.
